2.5. How to add a Product Image. (Shops)

1. Adding a Product Image.

An image can be added to your product.

In the Dashboard, click on 'All Products'. (A) And select 'EDIT' on the product you wish to add the image to. (B)

 (\mathbf{A})

The quickest way is to click on 'Quick Edit' of the product you want to add to the Sale Category. (B)

Scroll down to the 'Product Gallery' on the right hand side. Click 'Add product gallery images' (C)

Click on 'Upload Files' (D) You can Drop your image files straight onto this page or click 'Select Files' (E) and add the file from your computer.

Select your image from the 'Media Library' (F) Click the 'Set product image' button (G)

2. Making your Image.

Make your images square . We also advise that your image is no more than 10mb in size.

TIP:

You should be able to set your phone camera to take the photo's in a square format. (Square 1x1 ratio)

TIP:

Keep your content in the centre of the image, with some space around it.

GOOD example

BAD example

TIP:

Name your image the same as your individual item number (SKU number). ie. SH00001

Advanced Advice:

If you have access Photo Editing Software, we would advise you to crop your images to 500 x 500 pixels square and under 5mb.
